# OUR MARQUEES

Oxford Tents have a variety of stunning marquees to fit any event, location and surrounding. The true beauty of a marquee is the opportunity to create total individuality.

# Capri Marquee

The Capri Marquee is our stunning curved edge modern marquee with no straight lines or guide ropes; making it stylish both on the inside and out and perfect for any occasion.

The tension-based Capri Marquee has lightweight internal poles that push outwards creating arches on all sides of the marquee. Made from lightweight vinyl laminate fabric, its strong, re-enforced structure means no ropes or guy lines are needed!

The Capri marquee walls are clear and/or white and are easily detachable, giving you the option for a panoramic view if desired. Being modular the Capri marquee can be linked together to create any size space required for your event

## HIGHLIGHTS

Modern curved edges – stunning views with no straight lines in sight

Quick installation – lightweight internal poles, no ropes or guy lines

Modular – create the size marquee required for your event

Clear or white walls – choose the finish you would like

Access can be made through any of the walls via a central zip

## WINDOWS

Capri marquees can be fitted entirely with walls for an enclosed space or opened partly/completely to enjoy the surrounding views.

## GUESTS

Capri marquees can be made to almost any size and are suitable for any number of guests. We can create a house extension marquee from your kitchen or build an entire venue big enough to hold 500 people.

## GROUND CONDITIONS

Capri marquees can be built on grass and can incorporate different garden levels. We can install Luxury coconut matting over a waterproof membrane on grass, which follows the contours of the land or provide levelling systems.

## LININGS

Make use of the valuable ceiling height and space, the height of a marquee makes them perfect for hanging decorations.

They can be joined seamlessly to give you a venue size of 500

# PAGODA

The Chinese Hats or Pagoda provide a great space for any party or event of varying size.

These stunning oriental looking canopies are perfect for hard surfaces, terraces, attached to buildings or other marquees.

## EXTENSIONS

6m pagodas can be joined to create long corporate marquees for riverside enclosures

## BARS

Alternatively, they can be used for outside bar areas, or informal lounge seating positioned near to your main marquee.

## Lighting

Uplighting or fairy lights wrapped around the interior provides a glow of warmth flowing up to the near 6m peak.

# THE FINER THINGS

As a highly experienced, professional and friendly team, we are here to guide you from the first time we meet. We will be on hand as much or as little as you like. Oxford Tent Company work alongside experienced event supplier specialists, who have been in the industry for many years, so if we can't do it, we know someone who can.

# INSIDE

The best thing about having a marquee event is the blank canvas it provides. You can decorate with your own personal taste to create whatever theme you choose.

**BAR**  
Create a central area for your guests to gather around or a feature point next to the stage; where ever you choose to position your bar we have the one to fit.

**LOUNGE FURNITURE**  
Add a sofa or two to your reception area or create a comfy corner for your guests to enjoy a break from the festivities.

**DINING**  
Choose from our range of table and chair options to best suit your event style

**DANCE FLOOR**  
A size that fits your party, no one likes an empty dance floor so let us pick the perfect size for your guests to fill

# OUTSIDE

Marquee events often include the use of beautiful pieces of land for your guests to enjoy. Continue your theme into the outside space to create an extension of your party space

## LIGHTING

Light up the surrounds of your marquee with uplighters and festoon lighting. We could illuminate a beautiful tree or light a walkway to lead your guests to and from your marquee

## OUTDOOR FURNITURE

Extend the party into the sunshine with additional reception space outdoors. Place tables and chairs picnic style or relax into our rattan sofa sets

## WALKWAYS

Create a walkway down to your marquee from your entrance or build a path for your guests to separate areas of the party or to the toilets

## SERVICE TENTS

Attach a smaller marquee to the side of your main marquee to act as a service area for your caterers or to enclose the toilets in colder weather

# OTHER SERVICES

When creating your own bespoke venues there are more things to consider but this doesn't have to cause any more pain. We can organise all the other elements required to run a seamless marquee event

## SET UP

We will ensure everything is setup when we install your marquee, leaving you with no surprises. The specific items will hugely depend on the theme of your day so we can run through all the available options when we meet.

## GENERATORS

Sometimes your site may not have suitable power for everything required in your marquee. We can work with the site to find the best power solution for your event.

## HEATING AND COOLING

No need to fear the weather with our heating and cooling solutions.

## OUTDOOR GAMES

Available for hire, our giant Jenag, Giant Connect4 and many more.

## LUXURY TOILETS

Whatever the size of your party, we have can source the loo to suit your do.

## THEMING

We can theme events as required

# LIGHT IT UP

As darkness falls onto your marquee, create atmosphere with a fairy light canopy. Finish your flower boards with Edison bulbs to be enjoyed throughout the evening and top your marquee with a trail of festoon lighting.

## FAIRY LIGHT CANOPY

Dance under a sparkling canopy of fairy lights that twinkle all night. Your photography will love the effects!

## FESTOON LIGHTS

Finish the exterior of your marquee with a string of Festoon lights illuminating the arches

## EXTERNAL LIGHTING

We can install an array of different outside lighting including lit walkways to and from the marquee, guiding to break out spaces or to the toilets.
